

**annex to
certificate of conformity of the factory product control
no 2330-CPR-FIN113/1**

Scope of the FPC: manufacturing and design* of steel structures:

Kind of products: Welded structural steel components and kits
of classes EXC1, EXC2, EXC3*

Procedure of conformity
assessment and CE
marking: ZA.3.3 (Method 2)*, ZA.3.4 (Method 3a)

Welding technologies:

111	Manual metal arc welding
135	MAG welding with solid wire electrode
136	MAG welding with flux cored electrode
138	MAG welding with metal cored electrode
141	TIG welding with solid filler material (wire/rod)

Material: Acc. to CEN ISO/TR 15608 – material groups 1, 2, 3, 8 and 10

Responsible Welding
Coordinator: Petteri Souru

Authorized deputy: Heikki Korolainen, Aki Kononow*

Confirmation: All the procedures and qualifications for performing the welding works
meet the requirements of the EN 1090-2/A1:2011 standard for the
above materials and welding technologies.

Validity conditions:

- The certificate shall only promote its holder, the product and production places mentioned therein.
- The transmission of this certificate to third parties is inadmissible.
- The certificate shall only be reproduced complete including the annex.
- Changes of the technology of production, devices, welding technologies and responsible persons against to data contained in the certificate have to be announced to the DEKRA Certification Sp. z o.o.. This fact may cause the certificate continuation dependent on an additional conformity evaluation.
- The certificate holder commits to keep records of all relevant complaints concerning the conformity of the products with requirements of regulations and standards and make those records available to the DEKRA certification Sp. z o.o.
